

Cy Woods Invitational Computer Science Meet Schedule

Saturday – December 03, 2011

7:15 – 8:30	Check-in and Computer Set Up
8:45 – 9:45	Written Test – UIL format 40 m/c
9:45 – 10:45	Dry Run and system checks
10:45 - 12:45	Programming Contest – UIL Style (12 problems)
12:45 - 1:00	Appeals – Turn in End of Contest Verification
1:00 - 1:30	Final Scores Compiled and Validated
1:30	Awards for Written and Programming

Equipment - We will be using PC². You may use only 1 computer during the contest. You may use only one keyboard, one monitor, and one mouse.

Teams / Divisions – Big School (4A / 5A) and Small School (1A / 2A / 3A) will be in separate divisions if numbers warrant the split.

Beginner and advanced teams will be separated. It is up to each coach to ensure that teams are in the correct division.

Written Test - The written test will only test Java. We will use the 6 & 2 UIL scoring. The test will be UIL format and will only test UIL topics. You may not use calculators on the written test.

Programming Languages - You may program using Java or Scratch. We will have a separate division for those using Scratch!

Format - The contest will consist of a 2 hour programming contest and 45 minute written test. There will be 12 programming problems that reflect concepts normally tested on UIL programming problems. All problems will require that you read all input from DATA FILES!!!!
