

## 2011-2012 Computer Science Contest Materials

### JAVA WRITTEN TEST INFORMATION

- Fourteen (14) multiple choices tests written in Java and formatted similar to UIL tests with some AP style questions.
- The UIL Computer Science topic list is used to determine question content. The UIL Comp Sci topic list contains many AP CS topics.
- Explanations for answers will be provided on each key.
- Copies may be made for face –to–face teaching purposes.
- To insure test security, individual tests will be mailed or emailed on the Monday following the release date. Previously released tests will be mailed or emailed immediately.
- Contact us if you need a date not listed.

**RELEASE DATES** - TBA - TBA - TBA - 10.29 - 11.05 - 11.12  
11.19 - 12.03 - 01.14 - 01.21 - 01.28 - 02.13 - 02.18 - 02.25

### JAVA PROGRAMMING PACKET INFORMATION

- Six (6) programming practice packets similar to UIL packets.
- All programming problems cover common UIL topics.
- All packets include a student packet, student data files, judges packet, judges data files, and all contest forms.
- You may photocopy as needed for all students in your school only.
- To insure packet security, individual packets will be mailed or emailed on the Monday following the release date. Previously released packets will be mailed or emailed immediately.
- Contact us if you need a month not listed.

**RELEASE DATES** - 10.29 - 12.24 - 01.21 - 2.04 - 02.18 - 03.03

Item	Cost	Amount
